

Here is some info for those applying to volunteer.

You have to be 18 years old.

As a volunteer you have to work two days. The “payment” is the festival ticket, meaning you do not have to buy a ticket. The tasks as a volunteer are different: Cleaning, loading, soft security, backstage-host, ticket-host, accreditation, stagehand, helping out during club-night etc.

You will get food and soft-drinks the days you are working, a crew t-shirt and a crew-pass. We are sorry, but we can't offer you any accommodation.

During January and February I will try to answer all mail at least once a week. In March I will be reachable by mail almost every day.

Please send some info about your self. CV if you like, but not a must. You do not need much experience for most of the tasks. I try to respect most wishes concerning days working and days off.

Volunteering is usually mostly fun and you will meet a lot of likeminded people.

Look forward to hearing from you.
