ORDER CONFIRMED FOR INFERNO 2022

Norwegian Black Metal band **ORDER** joins the line-up for Inferno Metal Festival 2022. The band members are well-known from the Norwegian Death Metal band Cadaver and for an early incarnation of famous black metal band Mayhem. Order released their second full-length album, “The Gospel”, in 2021 to great acclaim.

ORDER

Order was founded in 2013 by Anders Odden, Rene Jansen, Kjetil Manheim and Billy Messiah. The four being respectively responsible for early-stage Norwegian death metal (Cadaver) and the origin of the Norwegian Black metal (Mayhem). In 2014, Jansen sadly passed away, leaving the project unrealized. The remaining members decided to move forward despite the setback. In 2015 Stu Manx (f. Gluecifer) joined the band and set the band back on its quest to make unpolished raw black metal. To honor Jansen the band released the demo tape

“Folly Grandeur” with rehearsal recordings the following year and in 2017 the debut album “Lex Amentiae” was released on Listenable Records. Four years later Order released their long awaited second studio album, “The Gospel”. It is now time to bring the band back to Inferno Metal Festival for another great gig!
