## INFERNO: THE INFERNAL RESURRECTION II

We bid you welcome to part 2 of THE INFERNAL RESURRECTION after a successful night at the first part. We can't wait to make more gigs. The happening will take place at Rock In at June 29th 2021. The bands that will be playing are doom masters SUPERLYNX and the Norwegian black thrash ensemble THE DEVIL'S REJECTS! Limited number of tickets for sale now: [https://www.ticketmaster.no/event/666349!](https://www.ticketmaster.no/event/666349)

### SUPERLYNX

Superlynx is a psychedelic doom and stoner trio that was formed in 2013. The band exceeds genres with their distinct sound and melts doom, psych, meditative atmospheres and heavy droning rock together. Superlynx recently released their third album "Electric Temple" on Dark Essence Records. The album is both a continuation of what they've been doing before and a further development into moods not previously explored. The tragic death of a close family member has also made a deep mark on the album. Superlynx offers atmospheric gigs with tons of heaviness and dark beauty that haunts and spellbound the audience – so be sure to check them out at The Infernal Resurrection II.

### THE DEVIL'S REJECTS

The Oslo based band The Devil's Rejects offer a black thrash heavy metal attack that surely is made to kick ass! The band released their album "Blood Feast" yesteryear to great critical acclaim. Metal Hammer Italy gave the album the "Top Album" stamp and wrote "The point is that The Devil's Rejects have managed to throw thrash (Slayer style), black (not to mention Darkthrone), heavy (at times the Maidenian inspiration is clear), with some splash of doom and death, bringing out a soup that is as toxic as it is dependent". No wonder; with all songs inspired by trashy campy horror movies like "She Wolf of the SS", "Seven Women for Satan" and "Color me Blood Red", The Devil's Rejects sure knows how to get the party started! Don't miss out on Norway's most promising newcomers – this will be a gig for the books!
