NILE AND TILINTETGJORT TO INFERNO 2023

American death metal band Nile and the new Norwegian extreme metal band Tilintetgjort are confirmed for Inferno Metal Festival 2023!

NILE

Nile is an American death metal band from Greenville, South Carolina, formed in 1993. The band is known for their dedicated lyrical and musical styles inspired by Egyptology and works of H.P. Lovecraft. The band sometimes categorizes their music as “Ithyphallic Metal”, in reference to its epic Egyptian themes. Since its formation Nile has released nine studio albums – their latest studio album “Vile Nilotic Rites” in 2019. The band has not been in Norway since they played at Inferno Metal Festival in 2016, so it is time to bring them back to our country.

TILINTETGJORT

Tilintetgjort is a new Norwegian extreme metal band with members from such bands as Whip, Troll, Urarv, Den Saakaldte and The 3rd Attempt. By now the band has only released one song – but it sounds good – and soon they will release their debut album on Dark Essence Records. We can't wait!
